The meeting was called to order at 3:45pm.

We reviewed Water Ordinance 94-2006. After making changes to the application process, we talked about connection fees and an extra fee for frozen pipes. We will review this ordinance again in July to make more changes and final review.

We had a discussion on our current engineer, and the possibility of changing engineers in the future.

Received a DPW Report. Talked about tree trimming, changing the fence at south beach, asphalt bids, a new gas line for the eighth street DPW building, more wood chips for the walking trail, getting a different vehicle for the marina crew, netting for the driving range.

Received a Planning Commission report. Talked about the Soggy Dollar revised site plan and the marina parking lot. Doreen also stated they are revising ordinances 4-7.

The Infrastructure Committee will be meeting at 2pm during the summer months!

No public comment.

Meeting was adjourned at 4:55pm.
