**Correspondence**

Chair Frerichs reported email correspondence concerning new build at 211 5<sup>th</sup> St. Mr. Harper contends that a LUP was given and building does not conform to current Village Zoning Ordinance specifications. ZA Bill Fuller explained that the LUP did in fact meet the Zoning Ordinance requirements. The lot in question is a "Lot of Record" which means that the smaller size lot was grandfathered in because the 2006 Zoning Ordinance came after the lot was purchased by the current homeowner. There is discrepancy between what was permitted and the actual setbacks and building size. These discrepancies should have been flagged by the county inspectors. Discussion ensued between commissioners trying to ascertain how this happened and what protocols could keep it from happening in the future. ZA Bill Fuller stated he would contact the builder for clarification of discrepancies on the building site. (See attached email correspondence)
