To the Infrastructure Committee:

I was disappointed that today's meeting was canceled due to lack of quorum, but I do want to be sure that the 4th Street culvert issue stays on the committee's agenda. I recently reached out to EGLE's Robyn Schmidt to seek her preliminary input about approaches to a solution, and I attach her reply below, which I'd like to be part of the correspondence to the committee and included in the documentation for committee's next meeting.

with best regards,

Greg Nobles

From: "Schmidt, Robyn (EGLE)" <SCHMIDTR1@michigan.gov>**Subject:** 4th Street, Northport**Date:** September 16, 2022 at 11:48:26 AM EDT**To:** "ghnobles@gmail.com" <ghnobles@gmail.com>

EGLE received your voicemail message regarding 4th Street culvert and stream concern. EGLE is aware of the concerns related to the culvert and stream along 4th Street. Any work to enclose, repair, extend or otherwise impact the stream will require a permit from EGLE under the authority of Part 301, Inland Lakes and Streams, of NREPA (Part 301). Information on Part 301 is available on-line at www.mi.gov/lakesandstreams

EGLE is not involved with designing projects. Once a proposal is developed for this site/issue, an application should be submitted to EGLE for review under Part 301, and any other applicable statutes. Thank you.
