Village of Northport
Master Plan Goals 2018

The general goals of the Village of Northport Master Plan are:

1. Guide population and employment growth to protect public health and safety and maintain a quality environment.

2. Indicate clearly where growth can best be accommodated and is most desirable and encourage development in those areas through incentives and land use regulations.

3. Protect the area's natural beauty, open space, environmentally sensitive features, attractive man-made environment and historic features by guiding the overall pattern of growth and the development of specific sites.

4. Encourage economic development that provided diverse and continuing employment opportunities for Northport residents.

5. Encourage the provision of adequate and affordable public utilities and services.

6. Encourage affordable housing and diversity in housing types and lifestyle choices.

7. Encourage energy conversation.

8. Conserve natural resources.
