Hello, I am writing concerning the variance request from John and Paige Hanley. It looks on the map that I am the nearest neighbor. I will be greatly negatively affected by this set back and strongly oppose it. Not only is this a view corridor for me but also for the entire village as almost everyone walks or drives down this road. It is a beautiful road and I would hate to see the new homes that will be built not adhering to the setbacks that we have already had to adhere to. Thank you. I hope to join the meeting on ZOOM and will write Mr Fuller as well.
