Village of Northport Treasurer Report March 2021

Attn. Village Council Members,

I attended the two day BS&A online training. I am excited to put into action the useful information I learned.

The Newsletter from the village of Northport offices and the Planning Commission, have been mailed to Village residents, and the responses to the Short Term Rental survey are currently coming in.

During the month of February the Village received a total of $193,095.21 in various revenues as stated on the Clerk/Treasurers Report.

Respectfully Submitted,

Kallie Craker
