Reference: 7th Street Property (Maude Court)

Dear Council Members:

Our two lots, 10578 N. Shore Dr. has drainage tiles on both sides of the lot that drain the 7th Street wetlands into Northport Bay. And 10581 N. Shore Dr. shares a lot line with the property in question.

We are opposed to any development of this property. The property was gifted to the Village with a restriction that would not allow development for good reason.

We believe any development of the 7th Street property will have a negative impact on the fragile wetlands that are prevalent on this property. Living where we are, we are very aware of the vast amount of water that filters through the wetlands in question, which eventually runs through the drains into Northport Bay.

Sincerely,

John Zevalkink
