Subject:	Speed Limit on Rose St. should remain 15 MPH
Date:	Thursday, November 14, 2024 4:36:53 PM
Importance:	High

To the Village Council,
I oppose the modification of the speed limit on Rose St. from 6th Street to Nagonaba.
There are NO sidewalks along these six blocks except for one block (4th to 3rd).
This is a major pedestrian walkway for those north of the marina and downtown district.
The current signs are a constant reminder for everyone to slow down. I myself brake immediately when I see the sign after entering Rose St. It is a great reminder that nothing I need to get to by car (or golf cart) is as important as respecting those who are walking to their destination.
Please act to preserve Northport as a pedestrian-friendly village with safe streets for all.
Thank you,
Anne Harper
