DPW REPORT
January 9, 2025

DPW has shifted into winter mode with plowing and sanding of Village streets and roads. We would like to remind everyone that on street parking is prohibited from 2:00am. to 8:00 am. for snow removal purposes.

Hats off to Scott Cain and crew for the exceptional job of decorating of the Village Christmas Tree. Absolutely a fantastic looking Holiday display!
The New Year celebration was a also a great event, thanks to all involved.

DPW takes great pride in decorating and lighting of the Village street lights and the Bridge on Mill st. along with the Christmas tree in the Pavilion. Big thanks to our crew!

Parshall Tree Service has completed contracted tree trimming and removal around the Village. There is stump grinding to be performed at a later date, that was also included in the contract.

DPW water operators met with DEQ regional Engineer in December. This is a biannual meeting to go over Sanitary Survey requirements. Discussed changes in state and Federal regulations, CIP plans along with inspection of our Municipal Well houses.

DPW staff is making some needed repairs on our "sidewalk" sander. Unfortunately, We are waiting on a back order for a replacement part.

Infrastructure committee met and discussed current and future proposed projects. More details in Infrastructure minutes.

Recent water connection at 220 E.Fifth St. Along with sewer connection, are complete As of December 2024.

Aces Diving Services are on site this week, inspecting and repairing any and all leaks on the Marinas bubbler system, under water. This is required every winter season.

Any questions or concerns, glad to answer.

Chris Holton
DPW Supervisor
