Northport Village Council

Dear Village Council,

I'm writing you to express my desire to continue my work on the Northport Leelanau Township Utility Authority Board (NLTUA) in the capacity as the At-Large position, a person that is agreed upon by both the Village and Township. I have served as the Chairman NLTUA for the past 16 months. During that time the Board has taken significant steps in improving the balance sheet while making the proper investments in the infrastructure. My desire to stay on the NLTUA Board is driven by the challenges we will face in addressing Affordable Housing and the retirement of the bonds in early 2028.

In addition to my experience on NLTUA, I have served the community as the Township Supervisor, President of Northport Pickle Ball and Race Director for the Northport Run for Cancer Funds. My wife and I are year-round resident, having lived here for nearly six years with roots going back 55 years.

Sincerely yours,

Mike McMillan
