Susan

I hope your PT continues to go well and your mobility is improving.
I just got back to Northport last evening. As I was driving back from Cincinnati, I decided that the powerpoint I received from LARA upon request should be shared and presented to all decision makers and stakeholders of the replat initiated by the Village last summer. I also decided that the presentation of this document from me may not be effective or productive. Could you please assist in getting this document to the council and perhaps a presentation to the stakeholders by an expert. Nic from LARA indicated the State had no resources at this time to present.
This process is extremely complex and ends with a consent judgement. It would be helpful to me and my neighbors to have the Village reassess if a replat is the best way to accomplish the Village goals.

It has been mentioned at several meetings that there have been several lawsuits over the years that the Village hopes to resolve with this replat. Both my attorney and I were shocked at the Village's response (sent to you on Friday) to the FOIA request to get information about previous legal action.on the properties to be replated.
I would appreciate any guidance on this matter.
Thanks
Karl

Karl, you might want to ask Will to do this for you. I am not comfortable doing it.

I looked at the high price tag on that FOIA request but learned that is not uncommon when a request is so broad and would require so many staff hours. Is there a way to be more specific about dates, for example?

Welcome home! Your timing is perfect regarding flowering trees……

Susan suggested I send this to you
She doesn't feel comfortable assisting with this. Tell Rachel thanks for taking care of my flowers.
