Jered, Joni, and Village Council,

I am asking that you give careful consideration to the best location for affordable housing with regard to all of the residents of the village. I am hopeful that you will carefully look at all locations and give each of them equal attention.

I hope you will also pay attention to "The Comments From The Master Plan Questionnaire." I realize the amount of time and effort that was put into the questionnaire and the compilation of the comments. It is my hope that you as a Council continue to look at these comments as you take action on any proposals that will affect ALL of the Northport residents. I reread the "Comments from The Master Plan" today, and by a rough count noticed that there were approximately 22 comments in favor of affordable/attainable/family housing and approximately 46 comments in favor of preserving the quiet nature of Northport and protecting and saving the environment. Hopefully, these comments from interested, engaged residents will influence your decision if you decide to pursue affordable/attainable housing as a Council.

Sincerely,
Sue Manson
10446 North Shore Drive
